This week in Reception

September 20th – 24th 2021

This week we have been learning our classroom rules and school values.

Literacy

This week we shared Oxford Reading Tree big books – "At School" and "Look Out". These books have no text so the children had to 'read' the pictures and describe the stories as they unfolded! This has also introduced them to the character of Kipper. Their homework this week is to make a picture of Kipper match a given picture of him. **Please make sure this is their own work.**
In phonics we have played an I-spy game to develop children's blending skills and have made silly soup with ingredients beginning with 's'.

Mathematics

As well as counting how many children are in Reception each day, we use every opportunity to count the things around us. We have used our knowledge of numbers and counting skills to play an dice/action game.

Other Areas of Learning

We have now introduced all of the children to our classroom rules, our outdoor rules and our school values of Respect, Responsibility and Resilience. See what your child can tell you about them.

The children have had their first lessons of P.E. this week. Please look at the photographs on the Reception blog on the school website.

We have learned about the different people in school who help us. We have learned their names and talked about the things they do that help us. We have also looked at some of the things they use to do their jobs.
