

This week in Reception

December 7th – 11th 2020

P.S.E.D.

We hope you will enjoy watching the Christmas Movie when this goes live on Google Classroom! We certainly loved seeing it in our classrooms! The children have all worked so hard together to make it a truly wonderful show!

C.L.

We have listened to a whole host of stories this week with a Christmas theme!

P.D.

We have been setting the children a variety of physical challenges outdoors this week, when the weather allowed!

Literacy

We have been having fun with phonics this week, playing a variety of games that consolidate what we have learned so far. We have also been writing a special message for a seasonal card.

Mathematics

Number Time, with 'El Nombre' demonstrated one less really clearly. As well as a magician making balls disappear one by one, and an operatic version of 10 Green Bottles, we saw how one less works in a game of musical chairs.

U.W.

The children have really enjoyed comparing different families Christmas traditions in the different stories they have listened to.

E.A.D.

We have made seasonal cards this week, combining different materials and techniques to create a robin or penguin.

At Home

Google Classroom: Christmas I-Spy counting sheet

Homework Book: Tricky word Celebration Tree!
