

This week in Reception

December 6th – 10th 2021

This week we have been filming our Christmas movie!

This is our last week of guided group work before the holiday. Everyone has read an Oxford Reading Tree or Big Cat Phonics reading book. The group writing task has been to write a message for their Christmas cards. We have also played some letters and sounds games.

We have all been practising counting this week, first to the biggest number we can count to, then counting out numbers of small objects. We have also been reading numerals. There are also lots of number games for us to play on the interactive whiteboard.

Other Areas of Learning

We have spent three days this week filming the songs and dances for Christmas movie! The children have been so good at waiting for their starring moments, sitting patiently and quietly! They have sung beautifully and we are sure they will make you all very proud!! We have also taken photographs which you can buy – if you're quick!!

We have used a variety of tools, techniques, media and materials to create a seasonal card to help our families celebrate this festive season.
