

This week in Nursery

17th May, 2021

P.S.E.D.

The children were well behaved when they had their photos taken. We were very proud of them!

C.L.

We have enjoyed listening to the story, 'Super worm' by Julia Donaldson. They also enjoyed talking about their 'pet rock' that they had made. They chose a name for their 'pet', thought about what they would feed them and where they would live.

P.D.

The children enjoyed learning about Crufts and watched the dogs take part in a 'dog agility' course. We decided to set up our own 'agility course' outside. The children loved weaving in and out of cones, going over a ramp etc.

Literacy

Our new letter for this week was 'y'. We thought of lots of different words that begin with a 'y'. We have also been practising our blending and segmenting skills too by playing silly soup and talking like 'Metal Mike' by sounding out different words.

Mathematics

This week in mathematics we have been sharing out 4 pieces of fruit between 2 puppets. The children discussed whether it was fair and used language such as more and less. The children have also been practising counting actions or noises, e.g. drum beats, jumps etc.

U.W.

This week in Nursery we have been learning about the dog show, 'Crufts' and discussed why the dogs received prizes. We really enjoyed taking part in our 'dog agility course' too.

E.A.D.

The children have thoroughly enjoyed making their own 'pet rock'. They chose what colour they would paint their 'rock' and added features including eyes, pom-poms and feathers.

Special Notices:

Our last day for this half term is Friday, 28th May. We hope you have a really fantastic break!
