

This week in Nursery

18th January, 2021

P.S.E.D.

The children enjoyed listening to the story, 'Purple is Poorly' from the 1decision website. We spoke about times when we have felt poorly, what happened and who helped us.

C.L.

The children loved listening to the story, 'The Great Explorer'. We re-told the story together and discussed what we might take with us if we were going exploring, for example, a torch, a compass and some food.

P.D.

The children have enjoyed a 'real' PE lesson again this week where we were pretending to be trains. We had to practise lifting our knees high and swinging our arms.

Literacy

We have learnt our new letter sound, 'c'. We have also been using our listening skills and enjoyed playing a game where we had to listen to a sound and guess what it might be.

Mathematics

This week we have been practising our counting skills by counting actions, e.g. jumps, claps etc. We have also been comparing 2 groups of objects and discussing which group has the most and which has the least.

U.W.

This week in Nursery we have been talking about how important it is to look after birds. We decided to make some fat balls for the birds using lard and bird seed. We hope the birds in your garden will enjoy eating them!

E.A.D.

The children have really enjoyed role playing going on a 'great adventure'. They took back packs, food, a 'pick-axe', rope etc and set off to explore the North pole. They even set up camp and had a camp fire!

Special Notices

We have started PE lessons again, therefore your child can come to Nursery, in sports clothes, on the Tuesday.

Thank you
