

This week in Nursery

1st November, 2021

P.S.E.D.

The children are enjoying playing in a group and have loved exploring our 'dark den and science lab' (which is our new role play area) with their friends. They have been having lots of conversations about their 'experiments'.

C.L.

The children had to follow very simple instructions in order to make a junk model firework. They chose what colour they wanted them to be and used shiny paper, tissue paper, glue and cellotape.

P.D.

We have been having lots of fun outside riding the bikes, exploring our climbing equipment and playing hide and seek. The children have also been practising putting their coats on all by themselves.

Literacy

We continue to play lots of different phase 1 listening games with the children. They had to try and listen carefully in order to identify the sound. Our new letter for the week is, 't'. The children have thought of lots of different things beginning with 't'.

Mathematics

We continue to enjoy singing lots of different counting songs. Each time we count how many 'frogs' or 'spacemen' are left. The children are also learning to represent numbers with their fingers.

U.W.

This week we learnt all about Diwali and who celebrates it. We enjoyed painting rangoli patterns, making Diwali cards and dressing in traditional Indian clothes.

E.A.D.

The children have made 'firework' pictures using paints, tubes and a lot of glitter. They also made junk model fireworks.

Special Notices

The cake sale for Children in Need is on Thursday, 11th November. We would appreciate any cake donations. Children in Need is on Friday, 12th November where children can come to school in non-uniform. Don't forget we also have 'odd socks day' on Monday, 15th November and children have their individual photos on Wednesday, 17th November.
