

This week in Nursery

5th October, 2020

P.S.E.D.

It is lovely to see new friendships forming as the children begin to get to know each other further. We continue to support the children with sharing, taking turns and learning our rules.

C.L.

We have listened to the story, 'Love always everywhere'. We discussed who we love and how we show our family and friends that we love them. The children then had the opportunity to decorate a heart.

P.D.

For PE this week, the children enjoyed listening to a CD and moving in time to the music. We also split into our key groups and played the game, 'duck, duck, goose' which the children thoroughly enjoyed.

Literacy

Our new letter for the week is the letter, 'a'. The children had fun playing, 'silly soup' where all the ingredients began with an 'a'. We have also been playing lots of phase 1 listening games too.

Mathematics

The children have been learning the names of different 2D shapes including a square, triangle, rectangle and a circle. They then had fun gluing and sticking different shapes to make a 'shape picture'.

U.W.

Some of the children have been fascinated by the mini beasts they have discovered in our outdoor area this week. These have included a wriggly worm and lots of daddy long legs!

E.A.D.

This week the children have made their very own 'heart shaped' cookie. They had lots of fun decorating them but the best bit was definitely eating them. Yum!

Special Notices

Many thanks to Eloise's Mum from Jaspers for donating the ingredients for our cookies! The children had a great time baking and decorating their cookies! Thank you again for your generosity with donating £1 each week. We have been able to buy a new bubble machine and hope to buy bulbs and compost for planting too!
