

# This week in Reception

November 9<sup>th</sup> – 13<sup>th</sup> 2020

## P.S.E.D.

We have been thinking of others a lot this week. We have talked about Poppy Day and why it is important. We have also talked about helping 'children in need'.

## C.L.

The children have used their listening skills as we have talked about all the different charity events this week. There was some new vocabulary about Poppy Day, such as 'Remembrance'.

## P.D.

The children are enjoying both P.E. sessions each week, developing specific movements as well as their small apparatus skills.

## Literacy

This week we have been looking at consonant digraphs 'll' and 'ss', and learned the tricky word 'the', as well as revising all our sounds and words learned so far. The children have also been enjoying their guided reading and writing sessions.

## Mathematics

We continue to count on a daily basis, including numbers past 20. This week we have revised counting in 10s and 2s. This week we used this knowledge to pay for toys from a toy shop! We have also been working out what is one more than a given number, with a game on the interactive whiteboard.

## U.W.

This week we learned about how Chinese New Year is celebrated. The children found out about some of the traditions, such as cleaning the house, hanging lanterns and giving lucky red money envelopes. They really enjoyed watching a lion dance and a dragon dance.

## E.A.D.

The children have all created beautiful poppies. They used different media including collage and paint. There has also been an opportunity to use collage for their own artistic ideas.

## At Home

Please help your child to complete their homework sheet. This week the focus is on ordering and writing numbers.

There is also an activity on Google Classroom.
