

This week in Nursery

7th March, 2022

P.S.E.D.

The children are enjoying extra responsibility by carrying out different jobs in Nursery including telling their friends what we have for snack and finding out what the weather is like outside.

C.L.

This week the children have enjoyed listening to the story, 'Oi frog'. We spoke about all the different rhyming words we could hear.

P.D.

The children really enjoyed their PE lesson where we used the big apparatus. They thought of different ways to travel over the equipment and had fun swinging on the ropes.

Literacy

Our new letter for this week was 'f'. We thought of lots of items beginning with 'f'. The children also continue to practise their blending skills so j-o-g would make 'jog' for example.

Mathematics

This week in mathematics we have been practising working out simple addition problems. Lucy, our puppet was having a picnic and wanted to know how many oranges and bananas she had. We spoke about how she could add them to find the correct answer.

U.W.

This week in Nursery we have been discussing the weather. We set up a rain gauge outside. Each week we will bring it in to find out how much rain water has been collected. We also have a wind sock outside too, to see how windy it is each day.

E.A.D.

The children have enjoyed painting spring flowers. We demonstrated to them how to paint tulips and daffodils. We spoke about what colours to use and their different parts including stem and leaves. The children enjoyed creating their own pieces of art work.

Special Notices:

Don't forget PE in now on a Thursday. Children can come to school dressed in PE clothes for this day. Many thanks again for your continued contributions for our £1 pot!
