

This week in Nursery

8th February, 2021

P.S.E.D.

The children were well behaved when we went on our bear hunt this week around the school. They were able to cope with the change of routine really well.

C.L.

We listened to the story, 'We're going on a bear hunt' read by the author, Michael Rosen. We then re-enacted the story by going on our very own bear hunt.

P.D.

The children had lots of fun playing in the snow this week. We used spades and wheel barrows to dig and collect the snow. It was lots of fun!

Literacy

Our new letter for this week was 'r'. We have also been practising blending sounds in words. So 'd-o-g' makes 'dog', 'c-a-t' makes 'cat' etc.

Mathematics

The children have been practising counting backwards from 10. They really enjoyed 'blasting off' when they got to zero. We have also been practising working out how many we have left, when we have one less than a given number.

U.W.

This week we have enjoyed going through a 'deep cold river', a 'swirling, whirling snowstorm', a 'narrow gloomy cave' and a 'big, dark forest', in order to find a bear! It was a lot of fun and we found 'paw prints' and 'claw marks' whilst hunting for our bear.

E.A.D.

The children have enjoyed drawing different scenes from the 'bear hunt'. They then used their pictures to help retell the story. They also had fun decorating biscuits with icing and sprinkles!

Special Notices:

Don't forget, next week is half term. Have a really good break!
