

This week in Nursery

8th March, 2021

P.S.E.D.

It has been wonderful to welcome back all the children to Nursery this week! They have really enjoyed seeing their friends again. Thank you for all your support in helping the children to settle in so quickly!

C.L.

The children have enjoyed listening to the stories, 'My mum is a super mum' and, 'When dragons are dreaming'. We spoke about what happened in the stories and we also tried to predict what we thought might happen next.

P.D.

The children really enjoyed taking part in a 'real PE' lesson in the hall this week. They had lots of fun moving around the hall like different animals.

Literacy

Our new letter for this week was 'f'. We thought of lots of items beginning with 'f'. The children also practised their blending skills so 'c-a-t' would make 'cat' for example. They had fun thinking of different words that rhyme too.

Mathematics

This week in mathematics we have been practising working out simple addition problems. Rabbit and hedgehog were having a picnic and brought some fruit. We had to work out how many pieces of fruit they had all together, by counting them.

U.W.

This week we watched a video about castle people and found out who lived in a castle long ago. We spoke about who they were and what their job was. They included the king, queen, blacksmith, cook, entertainer etc.

E.A.D.

The children enjoyed making Mother's day cards this week. We hope you like them!

Special Notices:

Welcome back! It is wonderful to have all our Nursery children back in school once again. They have amazed us at how quickly they have settled in and have remembered a lot of the rules and routines we have in Nursery. Thank you again for all your support.
