Important Notice – We are now full to capacity

Dear parents/carers,

We are sorry to say that **all our bubbles in school are now full** and **we are unable to accommodate any more children** until we re-open in September. The number of children on site at EGPS is considerably higher than many other schools.

We are continuing to follow council guidance and have between 8 and 12 children in each bubble depending on the size of the classroom. We will continue to follow this guidance for the next two weeks, which means we cannot accept any more children. **The key worker bubbles are now also full and we cannot add any new children who have not previously attended.**

Over the past few weeks, we have been inundated with children joining existing bubbles since the school has re-opened to eligible year groups and since more key workers have been expected to return to school.

New guidance has been released today that will impact on school life as we know it including timings of the school day. <https://www.bbc.co.uk/news/education-53253722>

We will continue to keep you informed about how school will operate in September. Please keep checking the letters and Covid-19 sections of the website.

As we have learned throughout this experience all guidance and logistics are subject to change and we will do our best to keep you updated.

If you have any concerns or would like to discuss anything then please contact the school mobile on 07534 277758.

I would also like to remind parents that school will be closed for the duration of the summer holidays and there will be no holiday club. This is due to essential works and maintenance taking place.

If you are a key worker and require emergency childcare, please contact the local authority as there may be places available in community hubs.

Best wishes,

Ian Taylor
